

WINE LIST

"Those who say it can't be done are usually interrupted by others doing it."

-James Baldwin

Our wine list is thoughtfully curated from winemakers and growers (some of them are our friends) from all over the World. With an intentional focus on "benchmark" producers, we carefully select wines that highlight their farming and winemaking practices, shun inorganic inputs and artificial manipulation in the cellar, making their terroir and the grapes as the primary focus.

These producers are working diligently to do little to harm to the environment, put focus on fostering community, and of course, making delicious wine in the process.

We hope you enjoy them as much as we do.

Corkage is \$40 per 750ml
